No. 518 WALNUT STREET.

Entered according to Act of Congress in the year 1898, by  
JAMES GOPSILL'S SONS,  
in the office of the Librarian of Congress, at Washington, D. C.

## NOTICE.

THE publishers in presenting this Guide to the public do so with the assurance that it is the most complete and accurate Street Guide of Philadelphia yet issued. A thorough and systematic canvass of the entire city has been made and verified at the office of the City Survey Department. No time or expense has been spared to make the Guide thoroughly reliable.

There are a number of alleged Street Guides published which have been pirated from our former Guides and Directories, and foisted on a confiding public from year to year as original, official, and copyrighted. It is the intention of the publishers to prosecute any infringement of this work.

GOPSILL'S

**STREET GUIDE**

OF THE CITY OF PHILADELPHIA.

For KEY TO STREET NAMES, see page 21.

By the decimal system of numbering streets adopted in this city, one hundred numbers are allotted to each square, commencing at the DELAWARE, running WEST, and at MARKET, running NORTH and SOUTH. All other streets not commencing at either the above points are numbered in accordance with this system.

All parallel streets running North and South will be found under N and S, as N Front, S Front, N Darien, S Darien. On parallel streets E and W of Front, E is given as the distinction, as Girard Avenue, and E Girard Avenue, Norris and E Norris; in Germantown, Gtn av is the dividing line.
